### PRE-BOOK YOUR TICKETS

All passengers are required to reserve a departure timeslot, pickup zone, and what mountain they are going to when purchasing a Ski Bus pass. Capacity is limited and may sell out over peak periods. Check the latest road and parking conditions on our snow reports online. Allow plenty of time to travel to your bus stop in school holidays and on bluebird days.

### CATCHING THE BUS

As per your ticket, you must ensure you are at the correct pickup zone at the time and date specified. To guarantee you catch your booked Ski Bus, you must be ready to board on time. Please be aware, dependent on pick up location, your bus may have prior stops to yours, but should depart within 30 minutes of your booked time. Your return transport from the ski area back to your pickup location is valid only on the same day. Departures are on a first come first served basis and depart as buses fill, from 1pm at Coronet Peak and 1.30pm at The Remarkables.

### NOT CATCHING THE BUS?
